Information to Customers

Prices given in this Catalog cancel all previous quotations.

DIRECTIONS FOR SHIPPING.—Parties ordering are requested to state explicitly the mode of conveyance by which they desire their stock forwarded. When no route is designated, we exercise our judgment; but in no case do we assume any responsibility after the packages are shipped, unless for our own mistakes. When losses occur by detention, claims should at once be made on the forwarder.

CREDIT.—We extend credit only to regular customers and parties known to us, unless satisfactory reference accompanies order.

CASH WITH ORDER.—We decline to ship goods "Collect on Delivery," unless remittance be made on account to guarantee acceptance. We will allow a discount of 2 per cent. on all orders accompanied by cash.

PRICES AND PACKING.—A reasonable advance will be charged where smaller quantities are ordered than those quoted in this list. Twenty-five will be furnished at hundred rate and five at rate per ten. Our prices do not include packing. On trees, shrubs, etc., packed in boxes and bales, there will be an additional charge for material actually consumed, as follows:

Boxes (including packing)	12 ft. long by 30 in. ends.....	\$3.50
" " "	10 " " " 30 " "	3.00
" " "	8 " " " 24 " "	2.00
" " "	8 " " " 30 " "	2.50
" " "	6 " " " 24 " "	1.75

Bales, according to size, 15 cents to \$2.50.

No charge is made for cartage from the Nursery to the Railroad Station.

GENERAL CATALOG.—We shall be pleased to mail free a copy of our Illustrated General Catalog to all who indicate a desire for it. The book contains reliable information and descriptions of Trees, Shrubs and Plants hardy in New England. It will be mailed only upon request.

QUALITY OF STOCK

The stock offered in this list is strictly first-class, and, we believe, absolutely free from all injurious insects or diseases.

CERTIFICATE OF INSPECTION.—Both State and Federal, accompanies every shipment.

THE NEW ENGLAND NURSERIES CO.
Bedford, Massachusetts.

Tel. Lexington 274.

NON-WARRANTY

We give no warranty expressed or implied as to description, quality, productiveness or any other matter of any Nursery Stock, Bulbs or Plants we sell. No complaints will be considered that are not made within five days after receipt of stock.

Camperdowni Pendula (Camperdown Weeping Elm) each, \$1.50		

Evergreens

All our Evergreens have been frequently transplanted and have an abundance of fibrous roots.

We have a number of EXTRA LARGE SPECIMENS, not listed here, and will furnish list of such, and price upon application.

Roots burlapped at an additional expense of 5 cents each for trees up to 3 feet. All over this size 10 cents each.

Fan-Trained Fruit Trees

FOR COVERING WALLS AND TRELLISES

Offered by THE NEW ENGLAND NURSERIES CO.
BEDFORD, MASS.

TRAINED Fruit-trees, common in Europe, where Cottage and Garden walls everywhere are covered and made attractive with various varieties of these interesting trees, can be grown equally successful in American gardens, and while the demand for them here is steadily increasing they should be much more extensively grown. No City lot or yard is too small to accommodate one or more grown against the building or upon trellises, where they produce an abundance of the choicest fruit, generally far superior to that grown on ordinary standard trees. In sunny positions, Apples, Pears and Plums

succeed best, while on north walls where sunlight is limited some varieties of Cherries can be grown with excellent success.

The trees we offer are well trained, from 4-5 feet high and can be relied upon to bear fruit the second summer after planting. Many of them will flower and attempt to bear the first year, but it is advisable to pick off the first year's blossoms as soon as they appear.

Apples, Pears, Plums and Cherries, we offer in fan-trained specimens at \$3.50 each, and Dwarf Pyramid trained trees, about 5 feet high at \$2.50, in all leading European and American varieties. Our pyramid trained trees are 5-6 years old, and like the fan-trained specimens will bear the first season after planting if desired. Being very hardy they can be successfully transplanted at any time

after September 15, when they have finished their growth, and before the end of November, or in the Spring previous to the last of May.

THE NEW ENGLAND NURSERIES
Bedford, Mass.

Hardy Herbaceous Perennials, Grasses and Ferns

Our stock is young and thrifty and whether from the field or from pots, the plants we send out will flower the first season. We do not send out old clumps or small seedlings.

Prices: Twenty-five or more plants of one variety will be supplied at hundred rates. Two or more plants will be supplied at the rate per ten. Single plants will not be furnished at less than 10 cents each.

Full descriptions will be found in our General Catalog, a copy of which will be sent upon application.
